

Care. Compassion. Community.

Join the Carea Board of Directors

Carea Community Health Centre is currently recruiting individuals with strong governance leadership to join our Board.

Carea Community Health Centre is a recognized leader in redefining the experience of community based health and wellness services in Durham Region. We provide access to high quality holistic and inclusive care that is responsive to the needs of the community and empowers individuals to enhance their own well-being.

We hold these values equally: (1) Person Centered; (2) Inclusive; (3) Compassion; (4) Teamwork & Collaboration; and (5) Accountability & Reliability. These five core values embody who we are, how we work, and are fundamental to our culture. Carea continues to focus on building its capacity to provide a full range of health and wellness services to clients of all-ages across Oshawa, Whitby, Ajax and Pickering.

We are looking for skilled individuals to support the governance mandate of our organization. Experience and knowledge in one of the following areas would be a preferred asset:

- Governance in a unionized environment
- Community and provincial health care services
- Legal

We need individuals who want to help our organization develop and grow to meet the needs of our expanding community and who are aligned with our mission and values. Board members need to have strong communication and strategic critical thinking skills, and have a vested interest in the communities we serve: Oshawa, Whitby, Ajax and Pickering.

The Carea CHC Board of Directors meet monthly, as do subcommittees of the Board. A minimum of 6 hours commitment per month is required. It is anticipated that members will also participate in agency events.

As a Board member, there are many benefits:

- The opportunity to make an impact in your community.
- The chance to work with an open, transparent and progressive organization that *wants* your input and ideas.
- Educational opportunities to expand your knowledge of board governance and the CHC model of care.
- Personal and professional growth.
- Networking with like-minded individuals.
- Advocating for issues that can truly make a difference in someone's life.
